

As part of the 2019-2020 waiver from the U.S. Department of Education, Georgia assures that any school that is identified for comprehensive or targeted support and improvement or additional targeted support and improvement in the 2019-2020 school year will maintain that identification status in the 2020-2021 school year and continue to receive supports and interventions consistent with the school's support and improvement plan in the 2020-2021 school year.

The U.S. Department of Education gave permission in the fall of 2020 to exit a school identified for CSI based on graduation rate if the school meets the State's exit criteria for such schools.
