1.0 Continuation of Services Related Requirements for Discipline

Students with disabilities, even when suspended or expelled, must continue to receive services that allow them to participate in the general curriculum and to make progress toward their IEP goals. This provision of a Free Appropriate Public Education (FAPE) is specifically mandated in IDEA which states “A free appropriate public education must be available to all children residing in the State between the ages of 3 and 21, inclusive, including children with disabilities who have been suspended or expelled from school, as provided for in Sec. 300.530(d)”. Sec. 300.101(a)

The educational and procedural rights for students excluded from school as a result of cumulative disciplinary exclusions *of greater than ten school days* in the same school year are outlined in State Board Rule 160-4-7-.10. One of those rights is for the continuation of services which must begin *on day eleven* of cumulative exclusions in the same school year. “After a child with a disability has been removed from his or her current placement for ten school days in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under 34 CFR 300.530(d) (services)”. [34CFR 300.530(b)(2)]

If your **district reported incidences of failure to provide FAPE** for cumulative disciplinary exclusions of greater than ten school days in the FY18 Student Record Student Safety collection, **you must complete the Continuation of Services Verification Report no later than August 31, 2019**. Corrections may not be made to the Student Record as the district has already verified by the superintendent’s signature that the Student Record data are accurate.

If your district reported no incidences of failure to provide FAPE for cumulative disciplinary exclusions of greater than ten school days in the FY17 Student Record Student Safety collection, the Continuation of Services Verification Report will state “*No students from your district require additional documentation for continuation of services.*” This statement serves as the verification of continuation of services for your district. **No additional response is required.**

Please note that the failure to provide services to students with disabilities who have been removed from his or her current placement for greater than ten school days in the same school year represents serious noncompliance with federal and state rules and regulations regarding students with disabilities. Once your response to the Continuation of Services Verification Report is received by the Division for Special Education Services and Supports and the data is verified, you will be notified if further action may be required to correct noncompliance. *You may be asked to provide documentation supporting your responses.*

The Continuation of Services Verification Report will be completed in the Special Education Applications Dashboard via the MyGaDOE Web Portal. To meet the requirement for timely and accurate reporting, data **must be submitted on or before August 31, 2019**. You must be provisioned in the role of Special Education Director for your district to access the data collection tool. If you have questions about becoming provisioned, please contact the Information Systems Customer Support Center by emailing dticket@doe.k12.ga.us or by calling 1-800-869-1011.

If you have any questions, please contact Carol Seay, Division for Special Education Services and Supports. Dr. Seay may be reached at (470) 218-3244 or cseay@doe.k12.ga.us. The Divisions for Special Education Services and Supports will provide any technical assistance that you request to resolve these issues and prevent future noncompliance.

2.0 General Information

2.1 General Guidance

2.1.1 The Continuation of Services Verification Report contains data on students with greater than 10 school days of disciplinary exclusion who were reported as not receiving services beginning the eleventh day of exclusion. *For an individual student, the number of days reported in the data may not represent a cumulative total of all suspension days.* Exclusions reported with “Continuation of Services” indicator of “Y” are not included in this report. The “Y” reported by your district signified that you did provide services to the student during the exclusion period.

2.1.2 Services are not required for the first ten days of exclusion; therefore, all students in the Continuation of Services Verification Report have at least eleven days of exclusion and did not receive services for the days beyond ten days of exclusion.

2.2 Definitions

2.2.1 FAPE – Free Appropriate Public Education

The term ‘free appropriate public education’ means special education and related services that-

- (A) have been provided at public expense, under public supervision and direction, and without charge;
 - (B) meet the standards of the state educational agency;
 - (C) include an appropriate preschool, elementary school, or secondary school education in the State involved; and
 - (D) are provided in conformity with the individualized education program required under section 614(d).
- (Sec. 300.17 Free appropriate public education)

2.2.2 FAPE Denied Days

The number of days beyond the tenth day of exclusion for which there is no documentation that services for a student were continued.

A free appropriate public education must be available to all children residing in the State between the ages of 3 and 21, inclusive, including children with

disabilities who have been suspended or expelled from school, as provided for in Sec. 300.530(d). (Sec. 300.101(a))

2.2.3 LEA Response to Denial of FAPE

There are four (4) available responses that may be reported when a student does not receive FAPE. They are:

- 1) Compensatory services were offered, but the parent declined the offer.
 - 2) Compensatory services were offered but the student did not attend.
 - 3) Compensatory services were provided.
 - 4) Compensatory services were *not* offered and *have not* been provided. *
- *Option 4 will represent a finding of non-compliance for the district.*

2.3 Due Date and Contact Information

2.3.1 If your district reported incidences of failure to provide FAPE for cumulative exclusions of greater than ten days in the FY17 Student Record Student Safety collection, you must respond to Continuation of Services report no later than August 31, 2015.

2.3.2 If you have any questions, please contact Carol Seay, Division for Special Education Services and Supports. Dr. Seay can be reached at (470) 218-3244 or cseay@doe.k12.ga.us.

3.1 Total Days

The total number of days with a continuation of services flag reported ‘N’ (No) for students with more than ten school days of exclusion who were reported as not receiving services beginning on day eleven. For an individual student, the number of days reported in the data may not represent a cumulative total of all suspension days. Exclusions reported with “Continuation of Services” indicator of “Y” (Yes) are not included in this report. Services are not required for the first ten days of suspension.

3.2 FAPE Days Denied

The total number of days beyond the tenth day of exclusion for which there is no documentation that services for a student were continued.

3.3 LEA Response to Denial of FAPE – LEA Data Entry

Please choose one of the following options:

- 1) Compensatory services were offered, but the parent declined the offer.
- 2) Compensatory services were offered but the student did not attend.
- 3) Compensatory services were provided.
- 4) Compensatory services were *not* offered and *have not* been provided. *

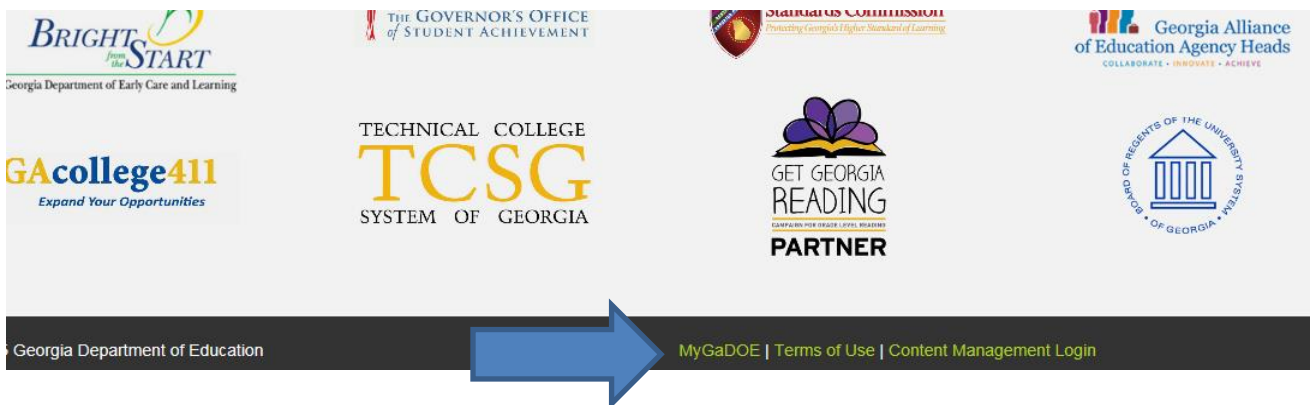

*Option 4 will represent a finding of non-compliance for the district.
