

**Report to Assist with FTE1 – Federal Child Count**

We are in the process of developing a report which will include the Federal Child Count components of FTE1. This report should be available within the next 2 weeks. We will notify you as soon as it is in production. (It will not include the segment codes).

This report will help you know the correct data to enter in your SIS for these fields. It is possible that you may be able to import this, but you will need to work with your SIS on that issue.

The Environment code calculator will NOT be ready as soon as the rest of the report. You may need to continue to calculate this field locally.

There will be a field which must be used to enter FTE1 count date before generating the report. GO-IEP will then check for the IEP in effect on that date.

A student must have an IEP developed and FINALIZED in GO (not a mock IEP), in order to access information for this report. If the student does not have an IEP developed in GO, you can gather that information using your own method and then either

- A. Enter data for that student into the excel if you plan to import the date to your SIS
- B. Enter data for that student directly into your SIS

<b>Column in the FTE Data File Layout</b>	<b>Description</b>	<b>In GO, where is this found?</b>	<b>Other comments</b>
1	System	Demographics	
2	Fiscal Year		Current fiscal year
3	Report Period		always 1
5	School Code	Demographics	This is being used only to allow systems to filter by School – will also include School name in a separate column
24	Minutes/Week	Report in GO	Not necessary to load BOTH reports in your SIS
44	Report Type	All S except students with an event 9 or 10 dated before day 1 of current school year for students	R or S
70-86	Hours/week by Dis.	Minutes per week report PLUS transportation to/from school	Use the appropriate codes for time ranges. If student has only a primary disability and no secondary disability then all time will be counted for primary disability. If student has any secondary disability or related services, then then all time minus one hour will be reported for the primary disability and less than one hour will be

			reported for all secondary disabilities and related services
87	Primary Area	Primary Disability	Use CODES for each disability
88-99	Related Service Hours	Services page	put <1 for all related services included in IEP services
100	IEP/ISP - NO IEP	IEP or ISP	Y = IEP, S = ISP, (student with NO IEP or ISP...will not be in this report and should be added locally online
103	GTID	Demographics	
110	9/10 Exit Event	SR extract or exit screen	any event 9 or 10 not previously reported & dated prior to FTE1
111	9/10 exit DATE	SR extract or exit screen	any event 9 or 10 DATE not previously reported & dated prior to FTE1
113	GAA	IEP/ GAA	Yes for students participating in GAA
115	Last Name	Demographics	
116	First Name	Demographics	
117	Middle Name	Demographics
