CHART OF ACCOUNTS
Changes for FY 2020

Effective Date: July 1, 2019

BACKGROUND

The Financial Review Division at the Georgia Department of Education performed an analytical review of account code data on the usage of the Local Units of Authority (LUA) Chart of Accounts. The review indicated that there were some account code combinations not classified correctly. To align the LUA Chart of Accounts with the ***Financial Accounting for State and Local School Systems*** from the U.S. Department of Education (USDE), some account descriptions/code relationships will be restricted, added, or revised beginning in FY 2020.

The table below and through Page 3 are the Account Code Restrictions, Revisions, and Additions for FY 2020.

Page 4 provides the detailed descriptions for the **State Program Code additions** for FY 2020.

Page 5 provides the detailed descriptions for the **Object Code additions** for FY 2020.
